

**FINAL ROUND INTERVIEW: NICK FALDO (-6)**  
**September 3, 2017**

---

**Q. Nick, just some thoughts on today, differences between yesterday and today?**

**NICK FALDO:** I didn't hit it, I had one shot inside my 15-foot circle. I actually hit quite a few good shots but I was either too long or too short and then everything else was medium. I got really miffed, I got messed up with that wind. I wanted to go for it, then it was down and into it so I went with it into me and I made (inaudible) on 18, so really fed up.

**Q. In a couple days when you look back on just the full experience in Calgary, what do you think you'll look back on?**

**NICK FALDO:** It's good to -- it's always good to play and feel it. It feels different when it's different. So yeah, hopefully I'll learn some things that I can do, what I can't do, so work on it like always.

**Q. Felt good to get those competitive juices going again?**

**NICK FALDO:** Yeah, it's just been a while since I've played at the end of a leaderboard. So yeah, it's a different game. You've got to get it absolutely just right.

**Q. Nick, first time to the Shaw Charity Classic. Can I just get your impressions of the tournament?**

**NICK FALDO:** It was good.

**Q. Any more?**

**NICK FALDO:** Really good.
